- Medley designs available

## SAFETY, ECONOMY, SELECTION

The Hörmann **Pro Tech 2500** offers you a wide range of styles and a broad variety of design options to enhance the beauty of your home. The virtually maintenance-free Pro Tech doors are made of **25 gauge** galvanized steel.

**Precisely Designed Tongue & Groove** **1**  
 Section joints reduce air infiltration and create weather tight seal.

**Well-defined Panel Embossments** **2**  
 Easy to clean woodgrain texture, galvanized and finish painted steel provide years of trouble-free performance and beauty.

**Bottom Weather Seal** **3**  
 Keeps out wind, rain, debris and other elements for added energy savings.

## Hörmann Innovations

Safety Bottom Fixture

Hörmann garage doors utilize safety fixtures on their bottom sections for added safety for your peace of mind.

Superior and Safe Windows

Hörmann window insert frames are recessed to the panel surface to give your door a cleaner look. Tempered safety glass panes offer extra layer of safety in case of breakage.

Aluminum Bottom Seal Retainer

Hörmann minimizes floor corrosion by utilizing an aluminum bottom seal retainer that never rusts and is more durable than brittle plastic retainers.
